There's something special about a classic Art Deco home done properly ? the proportions, the light, the quiet sense of permanence. And when thoughtful renovation meets that timeless character, you get a residence like this.

Positioned on the top floor of a secure, beautifully maintained building, this spacious two-bedroom apartment delivers.

Generous rooms, elegant period detail and a refined contemporary update create a space that feels calm, polished and effortlessly liveable.

All just moments from Double Bay village, the ferry, Edgecliff transport and harbourfront walks - the kind of address that makes everyday life feel easy.
